WEEK OF WELCOME

AUGUST 23RD - 25TH 2017

RAISE IT!

DISCOVERING THE BEST YOU!

Greetings students, I applaud you on accomplishing a breakthrough goal of being accepted at the prestigious University of Technology, Jamaica to pursue your tertiary education. This is a momentous accomplishment and the beginning of a journey where your status quo will be challenged in order to broaden your perspectives and equip you with new skills that will prepare you for global opportunities.

On this transformational journey you will experience what Jack Canfield calls Fears, Considerations and Roadblocks, however remember that "Every negative event contains within it the seed of an equal or greater benefit" (Napoleon Hill). Therefore, when you feel like falling, fall forward on your lecturers, fellow classmates, administrative and ancillary staff for support and guidance.

Remember "When it is time for you to leave this school, leave your job, or even this earth you make sure you have worked hard to make sure it mattered while you were here (Wes Moore).

CAMPUS SECURITY

TIPS FROM THE DIVISION OF SAFETY & SECURITY

- Wear your Student ID at ALL TIMES.
- Respect the security officers. They are placed here to serve and protect you from harm.
- Trust your instincts. If you get a bad “vibe” from someone, put some distance between yourself and the person.
- Be aware of your surroundings at times when you may be less alert and more vulnerable to an attack, e.g., during exams, when you are upset, sick, or tired.
- Use discretion and caution when taking shortcuts through isolated parts of the campus. Utilize the Safety and Security campus escort service.
- Report all incidents or “CLOSE CALLS” to the Safety and Security Department.
- Do not leave your valuables unattended.
- Ensure that your car doors and windows are closed upon exiting your vehicle.
- Be discreet with cash.
- Avoid using an ATM at night. If you must use an ATM at night, ask someone to accompany you.
- Check around the ATM first to ensure that no one is lurking in the shadows.
- The Safety and Security Department is situated to the left of the Administration building’s main entrance. The Department can be contacted at extensions 3221 or 3551.
