About Us

Why Choose Us?

- ✓ The B.A in Communication Arts and Technology (BACAT) is a four-year (eight-semester) full-time degree that seeks to produce a generation of professional communicators and media practitioners for the local and global markets. It offers three (3) areas of concentration: journalism, integrated marketing communication, and film.
- ✓ The BACAT merges two dominant media education paradigms: communication as an academic field and communication as a professional creative practice. In this regard, it focuses on equipping you to become innovative and entrepreneurial professionals for a technologically dynamic global society.
