# WHY SHOULD I CHOOSE A MATH DEGREE?

$$A = \frac{\sqrt{3}}{4} a^2$$

$$V = s^3$$

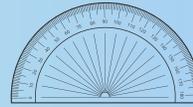

The B.Sc. Mathematics and Education was developed to increase the population of mathematics teachers capable of teaching mathematics at the secondary level in the education system. This will ultimately assist the country in improving the performance of students in mathematics. In addition, the curriculum aims to produce graduates who demonstrate an awareness of the importance of professionalism, who are flexible, analytical, problem solvers and well-rounded individuals committed to lifelong learning and service.
